About me

Hi, I'm Nguyen. I'm a Vietnamese who grew up across Vietnam, the UK, Slovakia, and now living in Belgium. Having been away from home for over 6 years, cooking has been my cure for homesickness. Now, I'm excited to share my family recipes with you!

What to expect

A hands-on, immersive culinary experience inspired by my Vietnamese home cooking , something you won't find in professional culinary courses or restaurants.

We will cook together in the relaxed, cozy setting of your own kitchen. Afterwards, you will enjoy the food we prepared together.

The class lasts around 2–3 hours. At the end of the session, you will receive recipe cards for all the dishes we make. **We can also prepare extra portions for you to keep as leftovers** (this is factored into the ingredient costs — just let me know in advance if you'd like leftovers, and how many portions).

Pricing

For group of 2 - 4 people: 100 EUR/session

For group of 5 - 10 people: 22 EUR/person

Cost of ingredients: ~ 5 - 10 EUR/person. This depends greatly on the size of the group and whether or not you would like to have leftovers). If you want, you can also join me on the shopping trip in Asian grocery stores!

What's included

I will take care of...

- Teaching & guidance
- Menu planning
- Shopping time (I will buy and bring all the ingredients!)
- Recipe cards
- Cleanup

Menus

Here are three menus I have built for an authentic, fun session. These are great for all group sizes!

For each menu, you can check the ingredients list for allergies and/or food you would like to omit.

I have also included a list of kitchen tools that would be required for the menu, in case you don't have something, please let me know and I will bring it!

Of course, if you have any special requests for food items or changes to the menu, I'm more than happy to accommodate!
